

Investing in Guam's future through youth football

Letter from the President

Hafa Adai!

Investment in youth soccer is truly an investment in the future of Guam.

Each year, close to 3,000 youth athletes look forward to playing in various youth soccer leagues at Guam Football Association, with over 150 volunteer coaches - new and experienced - motivating each and every one of them to succeed. Close to 100 referees also participate each week of the year's youth league seasons, aiding coaches to foster an environment of competitiveness and instilling a disciplined approach to teamwork.

Thousands of parents, grandparents, aunts, uncles, and other family members line the GFA facility's fields to cheer on their favorite young athletes, creating a sense of pride in their accomplishments.

The values of teamwork, discipline, responsibility, pride, and good health learned through youth soccer at a young age are invaluable in the development of each youth player, coach, and referee.

It takes a community effort to provide all of these opportunities, making financial donations essential from such enterprises as Community Corporation and Mega Bingo. The long-term success of these enterprises and companies that support youth sports such as soccer contributes immensely to the sustainability of programs that directly benefit future generations of responsible leaders and citizens in Guam.

On behalf of Guam Football Association, I would like to express my gratitude to all for the continued support.

Sincerely,

Players, coaches, and referees from youth leagues are the true foundation of GFA, with many who move on to become Guam's future responsible leaders and citizens.

The annual donation of **\$60,000** from **Community Corporation (Mega Bingo)** will go directly to help offset as much as **50 percent** of team fees to play in GFA's youth leagues.

The major cost savings greatly helps clubs to better focus their limited resources on recruiting and retaining even more players and coaches, and providing better training environments with better equipment.
